

**Suggested activities for learning and retaining the material
from Session IV of OLLI Latin, Fall 2020**

- Review notes from the fourth session. These are in OLLI Latin, session IV, PPT note. I will be happy to provide the actual PowerPoint slides to anyone who requests them.
- Check your answers to last week's homework with the answer key to the first two chapters of *Principia*.
- Review the third lesson of *Principia*. Do the exercitiōnēs for chapter 3, which begin on p. 128. I typed these up into a Word doc if you prefer to print them out. I will plan to do that each time.
- Check out Legonium.com if you haven't already.
- Read *For your reading pleasure, IV. Caveat lector*: This one is a doozy! (N.B. Don't attempt it without a good night's sleep first. I can barely follow stuff like this in English, let alone a foreign language.)
- Contact me if there is anything you're confused about: latinwithkayatolli@gmail.com. I will respond as soon as I can.
