

## When Day Turns to Night: America's Solar Eclipses

OLLI, fall, 2023

### Resource List:

Two great solar eclipses: <https://www.greatamericaneclipse.com>

Fred Espenak's page: <https://eclipsewise.com>

A great, interactive Google map of the 2024 track:

[http://xjubier.free.fr/en/site\\_pages/solar\\_eclipses/TSE\\_2024\\_GoogleMapFull.html](http://xjubier.free.fr/en/site_pages/solar_eclipses/TSE_2024_GoogleMapFull.html)

2024 information: <https://eclipse2024.org>

Time & Date page for Champaign: <https://www.timeanddate.com/eclipse/in/usa/champaign>

NASA eclipse page: <https://solarsystem.nasa.gov/eclipses/home>

Eclipse photography: <https://www.bhphotovideo.com/explora/photography/tips-and-solutions/how-to-photograph-a-solar-eclipse>

Eclipses and weather: <https://eclipsophile.com/2024tse/>

Champaign-Urbana Astronomical Society: <https://cuas.org>

University of Nebraska-Lincoln Astronomy applets: <https://astro.unl.edu/naap>
