**With my Nov 27 corrections.**  
**MSRP. \$25,595**  
 This price becomes \$17,850 after fed credit (1/2) & Illinois rebate

**Electricity**

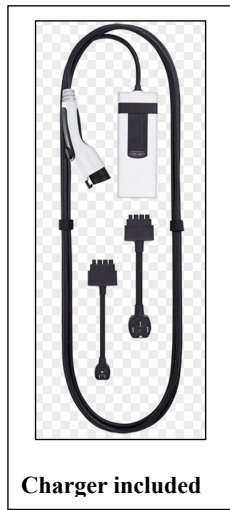

**120** MPGe 131 109  
 combined city highway  
 city/highway

28 kWh/100 mi

Electricity 

**259 miles Total Range**

From EPA

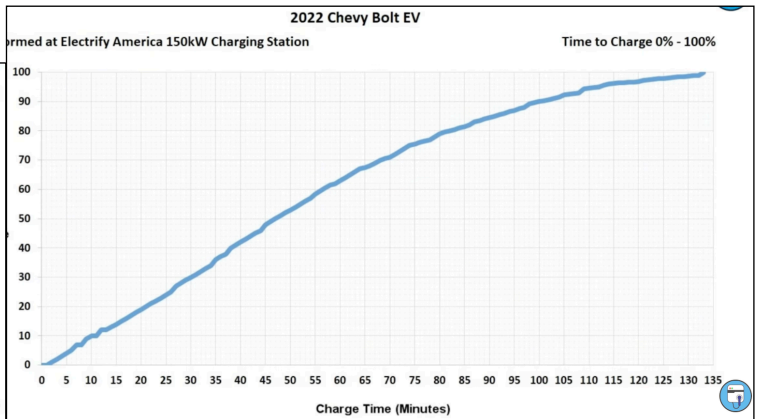

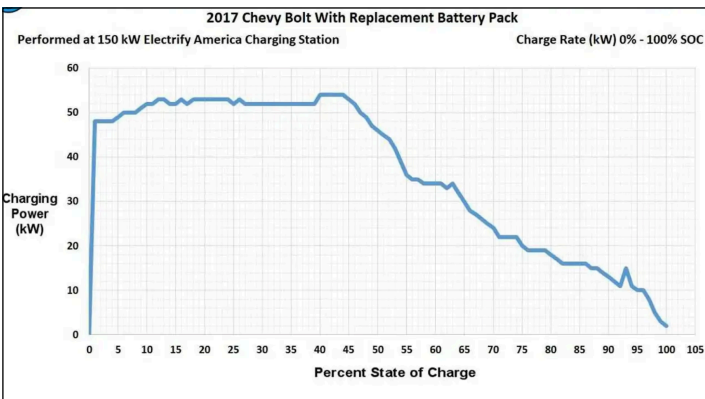

**Notes for Bolt**

Fed tax credit is actually \$3750 for US assembly & \$3750 for North American Battery

The Bolt might not qualify for the battery part.

For level 1 charging the default is 8 amps = about 25 miles per 10 hours. If you want more EACH TIME you charge you need to change the setting in the car and you can get about 40.

**Available through dealers**
